

HERMES
NURSERY

Summer Savings

Paul's Perspective

Mother Nature was generous this spring with the ample amounts of rain we were blessed to receive, and the plants in our nursery couldn't be happier! The pace of spring growth has steadily increased right into the beginning of a spectacular summer season, and I hope this letter finds your business as strong and healthy as our plants.

As you can see, we have made some changes to our summer flyer. I really hope you like the new look, but honestly, I'm more excited to share the savings of our super summer specials! We have expanded a few of the offers to include a full range of product, from tremendous trees right down to the prettiest perennials.

Although it's said, "Change is good," some things we just will not change! Our **Star Program** specials will continue to be on sale and available all season long, so make sure to include them in your next project for extra savings. Our customer survey from this past winter also showed us that you really want to keep the **Free Delivery Program**, and we couldn't agree more. Check out the details of these great cost-saving programs on our new website www.hermesnursery.com, in our catalog on pages 6-9, or just pick up the phone and give us a call—we are always happy to be of assistance.

We enjoy seeing you at the nursery, so come out and visit us soon!

Best Regards,

Paul V. Clute
